# FG-Kerb

Cycle lane segregation  
and protection

**PassiveSAFE<sup>®</sup>**

Rebounds on impact

## An incredibly flexible and highly visible lane separator

The FG-Kerb system is ideal for cycle lane segregation in areas with high volumes of traffic. Not only does the FG-Kerb system provide clear and visible cycle lane defence, but in the event of an emergency, such as when an ambulance needs to cross lanes, both the FG-Kerb and FG Post can be driven over safely causing no damage to either post or vehicle.

- Fast & Easy Install
- Durable and Lightweight - Just 3 kgs
- TSRGD compliant variant available
- Bolt-Down or Glue-Down Installation
- Impact Tested
- Small Foot Print

# Specifications

## Versatile Installation

### Twin Post Island

Easy access for pedestrians or cyclists to join or cross the lane. Cost effective.

### Single Post Island

### Continuous Lane Defence

Perfect for long continuous runs with marker posts every 965mm.

### Easy to install

The FG-Kerb system is easy to install and can be used in any layout - including going round corners.
